

SNTRA × SARVOTTAM INSTITUTE

PROJECT DISCUSSION — COMMERCIAL PROPOSAL & TERMS

Covers the full course-website, booking, and online CBT test-conduction system described below, built as a new standalone platform for Sarvottam Institute.

1. SNTRA's Internal Cost Breakup

This is a new, standalone system for Sarvottam Institute — an institute website with online course booking, plus a secure online CBT (Computer-Based Test) engine to conduct free NEET mock/practice tests and paid tests for IIT-JEE, Defense exams, and CA entrance-level exams, delivered strictly on a "1 mail – 1 test" model (one unique, single-use test link emailed per candidate). Domain and hosting are billed separately as noted in Section 5. Costs per module are allocated out of the total project value of ₹29,200, based on each module's relative complexity and development time. **Walkthru the services you need, Your total will be calculated based only on the services you choose.**

Module	Effort	Cost
Institute Website with Course Catalog — course pages, syllabus & faculty details, testimonials, and enquiry capture.	3 days	₹6,500
Online Course Booking & Enrollment — seat booking, batch selection, and payment-intent capture	2 days	₹5,000
Online CBT Test Engine (Core) — configurable question bank, timer & auto-submit, supports NEET / IIT-JEE / Defense / CA exam patterns	4 days	₹9,000
"1 Mail – 1 Test" Secure Delivery System — unique, single-use test link per candidate sent via email, with auto-expiry	2 days	₹5,200
Result & Scorecard Auto-Generation (auto-evaluation, negative marking, PDF/email scorecard)	1-2 days	₹3,500
TOTAL	12-13 DAYS .	Based on Selection

2. What's Included

Benefit	Details
One Month Free Amendments	For 30 days after the first working build is shared, SNTRA will carry out development changes and refinements at no extra cost, so the system is tuned to exactly how the SARVOTTAM INSTITUTE team works before final sign-off.
One Month Free After Delivery	Once the completed project is handed over, SNTRA will not charge SARVOTTAM INSTITUTE for a further 30 days — a no-cost window to run the system in production and confirm everything performs as expected.
No AMC / No Recurring	This is a one-time development cost for the website, booking, and CBT test-

Benefit	Details
Fees	conduction system — no annual maintenance contract and no recurring per-seat or per-test-taker subscription for the platform itself.
Ongoing Bug Fixes	From the second month after final delivery, any technical issues or bugs arising in the system will be fixed free of cost, with no charge and no time limit on this.
New Feature Requests	If SARVOTTAM INSTITUTE wants a new feature or additional service added beyond the original scope, that will be charged separately: ₹500 for scoping/defining the service and ₹500 for implementing it — ₹1,000 per additional service, billed only when requested.

3. Payment Terms

Clause	Terms
Milestone 1 — Advance (30% of total project value)	₹8,760 payable upfront as a project-initiation and resource-allocation fee before development begins.
Milestone 2 — Mid-Development (30%)	₹8,760 payable once the core modules (Institute Website, Course Booking, and the CBT Test Engine) are demoed on staging.
Milestone 3 — Final Delivery (40%)	₹11,680 payable at the time the completed, tested build is handed over for production use.
Mode of Payment	Payment to be made via bank transfer / UPI to SNTRA's designated account. A receipt/invoice will be shared for every payment received.
Taxes	All amounts quoted other government levies unless stated otherwise in writing. Taxes, where applicable, will be charged extra as per prevailing rates.

4. Cancellation & Refund Policy

Clause	Terms
Client-Initiated Cancellation	If the client voluntarily discontinues or withdraws from the project after development has commenced, the advance payment shall generally be non-refundable, subject to mutually agreed terms and applicable law.
Value on Termination	Rather than closing the project without delivering value, SNTRA will make reasonable efforts to hand over a simplified or lower-scope version of the system reflecting the work completed and resources allocated up to the point of termination.
SNTRA-Initiated Termination	If SNTRA is unable to continue or deliver the project for reasons attributable to SNTRA, the client will be refunded on a pro-rata basis for work not yet completed or delivered.
Notice Period	Either party intending to discontinue the engagement should provide the other party with a minimum of 7 days' written notice, except in cases of material breach.

5. Scope, Change Requests & Exclusions

Clause	Terms
Scope of Work	The quoted price of ₹29,200 covers only the modules listed in the Cost Breakup table, built as a new standalone platform for Sarvottam Institute. Any requirement outside this list is treated as a change request.
Change Request Process	New features or scope changes are logged, scoped, and quoted separately at ₹500 (each feature addition) + ₹500 (implementation) per additional service, and taken up only after written client approval of cost and timeline.
Third-Party / Recurring Costs	Domain, hosting, SMS/WhatsApp/email gateways, payment gateways, or any other third-party licenses/APIs required for the system are not included in this quote and shall be borne separately by SARVOTTAM INSTITUTE, if and when applicable.
Question Bank & Content Accuracy	SNTRA builds and configures the test engine only. Sarvottam Institute is responsible for supplying accurate questions, answer keys, syllabus mapping, and exam-pattern details (marking scheme, duration, sections) for NEET, IIT-JEE, Defense, and CA tests; errors in supplied content are outside the scope of this proposal.

6. Timeline & Client Responsibilities

Clause	Terms
Estimated Delivery	Based on the effort estimates in the Cost Breakup table, subject to timely inputs, feedback, and approvals from SARVOTTAM INSTITUTE at each stage.
Client-Caused Delays	Delays caused by late feedback, delayed access/credentials, delayed content/data, or changed requirements from the client's side may extend the delivery timeline correspondingly, without penalty to SNTRA.
Client Responsibilities	SARVOTTAM INSTITUTE agrees to provide timely feedback (within 3–5 working days per milestone), necessary data/content, and access credentials (server, APIs, admin panel, etc.) required for development.
Reporting & Communication	SNTRA will share periodic progress updates (e.g. weekly) and a demo/staging link for each major module as it is completed, for review and sign-off.

7. IP Ownership, Confidentiality & Warranty

Clause	Terms
Ownership & IP Rights	All custom code, modules, and deliverables built under this engagement shall become the exclusive property of SARVOTTAM INSTITUTE upon receipt of full and final payment. Until then, IP rights rest with SNTRA.
Confidentiality	Both parties agree to keep each other's business data, credentials, and proprietary information confidential, and not to disclose it to any third party without written consent, both during and after the engagement.
Warranty / Bug-Fix Window	“Bug” means the delivered module not working as originally specified; it does not include new features, design changes, or requirement changes, which are handled as change requests under Clause 3.
Data Security	SNTRA will follow reasonable data-security practices while handling any client data shared for development/testing, and will not use, sell, or share such

Clause	Terms
	data with any third party.
Acceptance / Sign-Off	Each module will be considered accepted if SARVOTTAM INSTITUTE does not raise a documented issue within 5 working days of it being shared for review; silence beyond this period is treated as acceptance.

8. Source Code, UAT & Training

Clause	Terms
Source Code Handover	Upon receipt of full and final payment, SNTRA shall hand over the complete, deployable source code along with necessary technical documentation, via secure transfer (e.g. private Git repository access or an encrypted archive).
Backup Responsibility	Once the source code and system are handed over, SARVOTTAM INSTITUTE is responsible for maintaining backups of the code and production data going forward. SNTRA is not liable for data loss occurring after handover, except where caused by a bug covered under the free support window in Clause 2.
User Acceptance Testing (UAT)	Each module will be shared for a User Acceptance Testing window of 5 working days. Issues found during this window will be logged and fixed before the module is marked complete. This UAT window and the acceptance rule in Clause 7 operate together — no response within the window is treated as acceptance.
Training & Documentation	At the time of final delivery, SNTRA will provide one round of walkthrough/training (live call or recorded video) for SARVOTTAM INSTITUTE's admin and manager users, along with basic usage documentation covering day-to-day operation of the system.

9. Liability & Indemnification

Clause	Terms
Limitation of Liability	SNTRA's total liability under this engagement, whether arising in contract, tort, or otherwise, shall not exceed the total amount actually paid by SARVOTTAM INSTITUTE under this agreement (₹29,200). SNTRA shall not be liable for indirect, incidental, or consequential damages, including loss of business, revenue, profit, or data.
Indemnity by SNTRA	SNTRA shall indemnify SARVOTTAM INSTITUTE against direct claims arising from a proven infringement of a third party's intellectual property rights specifically caused by the code delivered by SNTRA under this project.
Indemnity by SARVOTTAM INSTITUTE	SARVOTTAM INSTITUTE shall indemnify SNTRA against claims, losses, or liabilities arising from data, content, or instructions provided or directed by SARVOTTAM INSTITUTE, or from SARVOTTAM INSTITUTE's use of the system in violation of applicable law.

10. General Terms

Clause	Terms
Force Majeure	Neither party shall be held liable for delay or failure to perform obligations due to causes beyond reasonable control, including natural disasters, internet/server outages, government action, or other force majeure events.
Non-Solicitation	During this engagement and for 12 months after its completion or termination, SARVOTTAM INSTITUTE agrees not to directly hire, engage, or solicit any SNTRA team member who worked on this project, without SNTRA's prior written consent.
Notices & Point of Contact	All formal communication or notices under this agreement shall be sent in writing to the point of contact designated by each party (see Clause 11), via email or registered post, and shall be deemed received on confirmed delivery.
Validity of This Proposal	This quotation is valid for 15 days from the date of this document. Costs and timelines may be revised if the project does not commence within this period.
Governing Law & Disputes	This agreement shall be governed by the laws of India. Any disputes shall first be attempted to be resolved amicably through discussion, failing which they shall be subject to the jurisdiction of the courts at the location mutually agreed by both parties.
Entire Agreement	This document, along with any written amendments signed by both parties, constitutes the entire understanding between SNTRA and SARVOTTAM INSTITUTE regarding this project, superseding any prior verbal discussions.
